* Abstract & Agenda *

* Abstract:

Most teachers would love to have a classroom full of mobile technology, but budget constraints often limit the number of mobile devices available per classroom. This session will provide easy-to-implement management tips and instructional strategies for sharing one mobile device (iPad, iPod Touch or Kindle) among a classroom of twenty-something students. Find out which apps, techniques, and internet resources will have your students sharing technology, not tears!

* Today's Agenda:

Introduction

Whole Group Work

Management Ideas

Instructional Tips

Small Group/Partner Work

Management Ideas

Instructional Tips

Independent Work
